## THE RED CROSS DRIVE

Those in charge of the next Red Cross campaign are now making arrangements to start the big drive. Committees have been appointed and headquarters opened in the Rogers building with Mr. T. B. Hill in charge of same. Mr. Thomas J. Bigstaff will be chairman of the drive and many new and novel "stunts" are being planned. Our quota has been fixed at \$10,000 and we are sure with the energetic men that are in charge and the loyal support that will be given them that Montgomery county will raise this amount.

It is planned to issue a daily bulletin showing just what has been accomplished by the workers. Remember there are Montgomery county boys NOW in France and possibly your subscription will be used directly for his benefit should he be wounded, so do not be a tightwad give all you possibly can to help in this great work.

## Card of Thanks

To our neighbors and friends who were so kind and attentive to us during the recent illness and death of our beloved husband and father, we desire to extend our sincere thanks and to assure them their thoughtfulness will long be remembered.

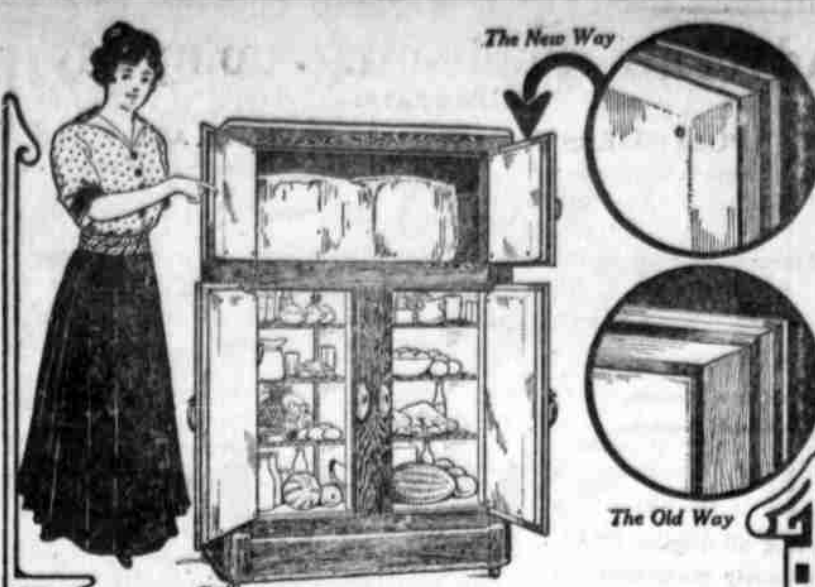

Mrs. R. D. Gaitskill and family.

## Optimistic Thought.

There is nothing which will so soon produce a speedy and honorable peace as a state of preparation for war.

## Persuasive.

Gentleman of the Road—Kindly 'elp a pore, lonely, 'omeless man, guv'nor, wot's got nothink in the world but a loaded revolver and no conscientious objection to usin' it!—Passing Show.

## The Leonard Cleanable ONE-PIECE PORCELAIN LINED REFRIGERATOR

Can be cleaned in five minutes

You Can't Have Clean Food Unless You Have a Clean Refrigerator—

YOU wouldn't of course, eat anything but clean food. Yet food cannot be clean that has been in an unsanitary refrigerator. A bad odor in your refrigerator is always a danger signal.

Zinc or galvanized iron linings for refrigerators are unsanitary. Even though coated with white paint or enamel, they soon get stained and discolored. Worse still, cracks and scratches develop which fill with grease and food particles. Thus germs are fostered causing a most unsanitary condition.

A Leonard Cleanable is made with a one-piece porcelain lining, smooth, pure white, everlasting, just like a piece of china, except that it is unbreakable. This porcelain you cannot possibly scratch, not even with a steel knife blade. It has no cracks or crevices in which germs or grease may collect. It is as clean as a china dish and as easily kept clean. Notice how the Porcelain Lining of the door is made in one piece. Look for the trade-mark shown below.

For your family's sake, have a Leonard Cleanable. We want to tell you in many good qualities. Call and get an interesting booklet, "The Care of Refrigerators." It contains many good points you ought to know.

## Greater of Two Evils.

"De man dat tells all he knows," said Uncle Eben, "ain' nigh as bad as de one who can't stop dar, but keeps on tellin'."

## Optimistic Thought.

The block of granite which is an obstacle in the path of the weak becomes a stepping stone to the strong.

## Unimportant Theft.

"Too bad about Jiggs. Fancy a man, as Shakespeare says, putting an enemy into his mouth to steal away his brains." "Oh, well, it's only petty larceny in Jiggs' case, anyway."

## Wrong.

To persist in a wrong, to refuse to undo it, is always to become involved in other wrongs.—Henry George.
